Dr.med. Colette C. Camenisch

Specialist for Surgery (FMH)

Specialist for Aesthetic Surgery

Specialist for Anti-Aging- and Preventivemedicin (GSAAM)

Colette C. Camenisch studied medicine on the University Hospital in Zürich (Switzerland). After the promotion as a doctor and her thesis 1999, she started in 2000 her education in General Surgery with the main focus in Traumatology, Visceral- and Hand Surgery. The traumatological education fulfilled she with 2 years of training in the biggest Swiss Trauma-Centre in the University Hospital in Zürich (Prof. Othmar Trentz). The handsurgicale and microsurgicale part could she intensify 2006 and 2007 in a smaller Hospital in Bülach (CH) as an attendant.

Parallel by getting trained in General Surgery; she started the training in Plastic - and Reconstructive Surgery 2002 in a small clinic in Zürich (Dr.med R.E.Umbricht-Sprüngli) with the focal point in breast reconstruction /breast cancer. In 2003 she has been working in India, Andhra Pradesh, with Prof. Shrinivas Gosla in the Craniofacial Department with the special training in "Cleft Lips and Palate". To fulfil her aesthetic program with focus on breast and facial surgery she moved in January 2008 to Stockholm and worked until 2010 in the Akademikliniken (Sweden) under the guidance of Prof Per Héden. In 2011 she was again attendant in Switzerland (Frauenfeld/ Münsterlingen) to complete her last months for her specialist in Plastic-,Reconstructive-and Aesthetic Surgery. Since September 2012 she is working for the Swiss most famous private clinic, the Centre of Plastic Surgery, the "clinic Pyramide" in Zürich. Since 2009 Colette C. Camenisch is an official Trainer for Q-Med and involved in studies around the NASHA products. She is specialized in the field of "Facial Rejuvenation" and is lecturing in Europe and also in the Middle East, China etc. She is member of Swiss Society of General Surgery since 2004, Junior member of the Swiss Society of Plastic, Reconstructive and Aesthetic Surgery since 2005 and the German Society for Anti Aging Medicine (GSAAM) since 2007.
