# FACULTY

**DR. RAVI JAIN** is a Consultant Aesthetic Physician from the UK. He runs Riverbanks Clinics which is a multi-award winning medical aesthetic practice winning Best Clinic 3 times between 2009 - 2013. He has a long experience with the whole Galderma portfolio, from Fillers to the Botulinum Toxin.

He also has a large VASER Liposuction practice where he specialises in high definition liposculpture creating athletic looking bodies. Dr Jain is passionate about education and has been privileged to be invited to teach doctors, dentists and surgeons all around the world, sharing his expertise in non-surgical facial rejuvenation and also VASER Liposculpture.

**DR. COLETTE C. CAMENISCH** studied medicine on the University Hospital in Zürich (Switzerland). In 2003 she has been working in India, Andhra Pradesh, with Prof. Shrinivas Gosla in the Craniofacial Department with the special training in "Cleft Lips and Palate". She moved in January 2008 to Stockholm and worked until 2010 in the Akademikliniken (Sweden) under the guidance of Dr. Per Héden. In 2011 she was attendant in Switzerland (Frauenfeld/ Münsterlingen) to complete her Plastic- and Reconstructive skills. Since September 2012 she is working for the Centrum for Plastic- and Aesthetic Surgery "Centerplast" , in the clinic Pyramide in Zürich. Since 2009 Colette C. Camenisch is an official Trainer for Galderma and involved in studies around the NASHA™ products. She is specialized in the field of "Facial Rejuvenation" and is lecturing in Europe and also in the Middle East, China etc.. Since 2011 she is also a trainer for botulinum toxin in the aesthetic and the medical field regarding hyperhidrosis and migraine therapy. She is member of Swiss Society of General Surgery since 2004, Junior member of the Swiss Society of Plastic, Reconstructive and Aesthetic Surgery since 2005 and the German Society for Anti Aging Medicine (GSAAM) since 2007.
